### Pulling an Extended Usage Report

1. When PioneerRX is open you should see several tabs at the top of the software. Click "Rx" and then click on the binocular's icon that's to the right of the "Edit Rx" button.

3. There's 8 tabs near the top of PioneerRX. Click on the tab named "Results [8]".

4. Clicking that will take you to search results screen, it should be blank as of now. At the top right of this screen, you will see a "View" drop-down menu. Click this drop-down and select "Expanded". This will start loading data and the search results screen should start to populate.

9. At the top right of the search results screen click the "View" drop-down again and select the report you just created. It will be named "Extended Report". This will populate the search results screen with data again with everything we need.

10. At the top right of the search results screen click the "Menu" drop-down and click on the option "Export to Excel". This will open the file explorer, navigate to the folder on your computer that you would like to save the report to.

11. Name the file "90 Day Extended Usage Report" and click save. Now you're ready to send this file to our Compliance department! Send this file to compliance@ipdpharma.com

#### How to Send the Report

All you have to do is fill out the form on our website <u>here</u>. Once you fill this form out hit the "Submit" button and that's it! Thank you for reading.
